## Highlights

8 years directing, editing and scripting 26 minute magazine shows covering the IJF World Judo Tour. I have worked to the IJF's strict editorial guidelines to deliver a product which has helped build Judo's brand globally. These programs are a balance between action and features.

## Promos

6 years experience delivering 30 second promos to channels such as Eurosport, Euronews, CNN and sky. These promos have been delivered in multiple languages and I have also tailored them to have an impact on social media.

## News

5 years editing and scripting quick turn around news pieces for major International outlets.

## Online

I have delivered numerous programmes and promos for TV and have a good understanding of regulations surrounding compliance.

## Motion graphics

I have used my knowledge of After effects to enhance all of the work mentioned above and also to create Idents, explainers and live broadcast graphics.

## Testimonial:

*'Dan has worked with us across multiple areas of production over many years. He is brilliant to work with and rock-solid in both live and post-production environments. He is highly skilled in editing and graphics and works at a breath-taking pace. He is able to work to a tight brief or to offer creative input as appropriate making him a very safe pair of hands with bucket loads of creative flair. He always goes above and beyond to ensure he delivers quality programmes that exceed the brief'*
