Tel:0117 951 8779

Professional Summary

A lighting camera operator and award winning filmmaker for 'Jab Jab, the biggest band you've never heard of.' Adaptable and multi skilled having covered a variety of genres including Sports, Factual, Music, Current Affairs, Arts, Entertainment, Drama and Ob Docs, with experience working in extreme locations. Familiar with all current recording formats. Regular work utilises Xdcam, C300, Black Magic, etc. as well as large format cameras including Arri Alexa and RED Dragon.

Previous work as a sound recordist ensures confidence as a P.S.C on smaller budget factual shows, alongside years of experience working as part of a large multi-camera team on OBs.

A good knowledge of FCP and Premiere and an ability to edit to a high standard keeps technical appreciation of workflows, codec's and formats up to date. It also means daily location work can develop with the edit in mind.

Skills

Extreme location operations
Gimbal operation
D.I.T. and workflow streams

Jib rigging/operation
OB rigging
NL editing

Studio/Location lighting
Location sound recording
Camera setups
